Speedex Mash

-Gut-friendly complementary feed

Speedex Mash is a fiber-rich, easily digestible feed that promotes gut health, water intake, and faster recovery. It contains wheat bran, grass meal, linseed cake for digestion and fatty acids, and steam-cooked barley for energy. Bio-Mos® supports the immune system.

With low sugar and starch, it won't disrupt mineral balance—only salt and a little calcium are added for phosphorus balance.

Feed advice

To increase the water intake of the horse:

Mix 2-4 dl Speedex Mash with 10-15 liters of hot or cold water. Stir well and leave to infuse for approx. 15 min before feeding.

Traditional mash-mix

The desired amount of Speedex Mash (0.5–2 liters) is mixed with double the amount of water. Stir well and leave to infuse for about 15 minutes before feeding.

Liter weight: 530g

Ingredients:

Steam cooked barley, wheat bran, sugar beet pulp, grass meal, linseed cake, vegetable oil, calcium carbonate, salt, Bio-Mos®, flavor

Packaging:

20 kg bag
